

## 会計学演習 II

Compulsory 4  
credit

TOKUYAMA, Hidekuni

### 1. Course Description

This course is designed to strengthen your ability to correctly interpret financial statements. This course is aimed at anyone whose career might involve working with accounting data. Throughout the semester we will discuss the key Accounting Standards in Japan. This course uses a combination of lectures, discussions, and an examination. The class is interactive and requires active participation.
