

Introduction to Civil Law B

Syllabus Number

CIL-104

Compulsory 2
credit

KITAMI, Ryoji

1. Course Description

This course deals with the latter part of the First part of the Civil Code.

The topics are as follows: corporation; contract; time and condition; extinctive prescription.

Since the First part of the Civil Code provides the basic legal knowledge to students, it would be essential to learn and comprehend precisely this course.

The revision of Civil Code (mainly relative to the Provision of Claims; to be effective from the spring of 2020) will be taken into consideration, if necessary,
