

Seminar: Comparative Culture B II

Syllabus Number

JLT-304

Compulsory Elective
2 credit

HAMADA, Yo

1. Course Description

This seminar recommends original research themes on Japanese culture. First of all, in the short presentation, each member will try to share the research content that each member worked on from spring to summer vacation. Next, each member will combine the results obtained from the literature, the Internet, and the field from their own perspectives, delve deeply into their own themes from a multifaceted and broad perspective, and make a full-scale research presentation.
