

Japanese Culture and Philosophy II

Syllabus Number

PHE-202

Elective

2 credit

HAMADA, Yo

1. Course Description

In this lecture, we look at various aspects of contradiction that lie hidden inside human beings. Next, we analyze the ambiguity of faiths about Gods and Buddhas (something beyond human knowledge), humans, and artifacts that are characteristic of modern humans. Furthermore, we focus on the rich views of life and death found in the Japanese culture tradition, and examine the possibility of a new perspective on human existence.
