[III]

Elective 2

credit

NOMOTO, Takashi

## 1. Course Description

In this lecture we will learn about the History and culture of the Asian regions. In this semester, we will learn about the formation process of various "Traditional Society and Culture" in East Asia centering on China before the 19th century. In addition, we aim to acquire a viewpoint to understand the various problems of the modern world, together with historical backgrounds of the past.
