

Japanese Usage II

Syllabus Number	CAE-113
KIMURA, Kohei	Elective 2 credit

1. Course Description

This class is open to the students who will receive the examination for admission as a transfer student in the future and want to be transferred to a four-year university faculty. The class teaches how to solve the problems about contemporary Japanese for transfer examination. The class gives every opportunity for each student to firstly solve problems in their own way and later on receive explanation how to reach correct answers. The class will become a useful one for students if they have a powerful urge to study and acquire problem solving capacity. The class at the autumn semester is arranged in a manner that students deal with more difficult problems including applied ones.
