

Teaching Methods : Music

Syllabus Number

ESS-309

Elective

2 credit

TASAKI, Noriko

1. Course Description

In this course, the students are expected to acquire the basic knowledge and techniques as music teachers by understanding the goals, contents of teaching, and basic methods of teaching in music classes at elementary schools, and by putting into practice the actual contents of music-making and appraising. Furthermore, the course requires the students to develop their practical skills to teach music by making, carrying out, and revising the lesson plans.
