英語科概論

Syllabus Number ESS-214

Elective 2 credit

MEKARU, Mito

1. Course Description

This course will give the overview of the teaching method and the system of English activities in elementary school. Students will gain the essential knowledge of teaching methods in association with national curriculum and the theory of language acquisition. The effective teaching contents such as songs, chants, and games were also introduced. Grades will be decided on task performance and lesson plan.
