

Introduction to Japanese economy I

Syllabus Number

ECP-101

Compulsory Elective
2 credit

INOUCHI, Masatoshi

1. Course Description

The aim of this course is to learn the current situation and the major issues of the Japanese economy by using economic theories and data. Especially in spring semester, we examine the Japanese economic development after World War II and clarify Japan's economic challenges. At the end of the course, participants are expected to be able to describe Japan's current economic situation and express how to overcome the challenges of the Japanese economy.
