

Teaching Methods : Life Environment Studies

Syllabus Number

ESS-308

Elective

2 credit

NAKAYAMA, Kyoko

1. Course Description

Students will explore activities and experiences used in teaching Life Environment Studies. During this exploration, students will have an opportunity to contemplate themselves and their own lives. This process is designed to help students acquire basic habits and skills essential for life and develop the foundation for independence. Students will demonstrate their knowledge of teaching Life Environment Studies by making lesson plans for teaching Life Environment Studies topics.
