

Introduction to Tourism II

Syllabus Number

TOS-104

Elective

2 credit

KONNO, Hisako

1. Course Description

On this course, we learn about the tourism widely and shallowly, so that we can get the basic knowledge and recognize the importance of the tourism. We must be aware of the feature of the tourism, which is concerned with the regional economy, industry, sustainable development, and so on. We learn about general remarks in the spring course, and then go into the details in the autumn course.
