

TOEIC Preparation I (Beginner)

Syllabus Number ENG-103
Elective 2 credit
YOSHIDA, Koji

1. Course Description

This course is designed for TOEIC beginners who now score 300-350, roughly speaking, or who have passed STEP (=Society for Testing English Proficiency) 3rd/4th Grade Test. In the Spring Semester, we will put more emphasis on the Listening Part because the official data shows that an average applicant tends to get higher scores in this part than in the Reading Part.
