

English Communication III

Syllabus Number

FLE-201

Elective

1 credit

YOSHIDA, Koji

1. Course Description

There is more and more globalization going on, for better or worse. This course aims to help the students improve their communication skills in English as a global language. It is also designed to help them get a STEP (=Society for Testing English Proficiency) 2nd Grade certificate, which is often required for a teaching position in English at a (junior) high school in Japan.
