

Practice in Korean Language II

Syllabus Number

KOR-114

Compulsory 1
credit

Eunjeong Baek

1. Course Description

This course aims to acquire accurate pronunciation of Korean language, which will lead students to gain fluency and speaking skills in communicative Korean. Lessons intended to stimulate students to actively practice various pronunciation in class. Since the course is focused on 'oral training' mainly, active participation in class and self-practice are required. (This class is linked with Practice in Korean Language IV as a pair courses)
