

Comprehensive German II

Syllabus Number

GER-302

Compulsory 1
credit

KAJITANI, Shinji

1. Course Description

Translation is not a mere replacement of words of different languages. It is to understand the "meaning" of German sentences and to express it with appropriate and natural Japanese. Let us get into the world of German deeper and enjoy the world of Japanese with a fresh sight. We will do the exercise of translation in group work, presentation and discussion.

In this semester we will take texts from internet, too.
