

Introduction to Oriental History II (Teacher Training Course)

Syllabus Number

ESS-204

Elective

2 credit

SHIBUTANI, Yuri

1. Course Description

Study about the standard history of China(Modern)

You can study again Chinese history through the textbook of senior high school. At first, I promise you can realize about the characters of Chinese modern history and society. Secondly, I will tell you about the relationship between China and Japan, and Chinese importance on the world. If you are no good at Chinese history, or have not study about it, please be not afraid on this course. If you have already studied about it enough, you will find some new points of view through this course.
