1. Course Description

In this Seminar, we aim to deepen the understanding of the area of "Development" in Educational Psychology. First, we will take an overview of Developmental Psychology. Then, we will divide the class into several groups, to let respective groups choose one theme from the textbook, and to let them collect related information and source materials and carry out their researches. Each group will give a presentation (90 mins), in which they are expected to present their findings and discuss them with all of the participants.
