

Korean Language II

Syllabus Number

KOR-304

Compulsory 1
credit

Eunjeong Baek

1. Course Description

This course aims to acquire higher level of knowledge in Korean grammar and sentence structure. Students learn advanced level of grammatical patterns and expressions to generate various sentences of their own. With grammar taught in the class, students will get better ideas about highly grammatical sentences and logical paragraph writing. This will lead students to improve their fluency in Korean language. (This class is linked with Korean Grammar III as a pair courses)
