

Practical Teaching Skill (Swimming)

Syllabus Number

ESS-313

Elective

2 credit

HIRUMA, Eisuke

1. Course Description

This class is an advanced course of practical learning (swimming) I and II. Students learn a management of swimming in PE class in junior high and high school and improve four strokes (front crawl stroke, back stroke, breaststroke, and butterfly). The students instruct swimming for other students and gain a teaching experience following a teaching program (plan) of swimming class which the students make.
