

Curriculum Studies

Syllabus Number	ESS-202
Elective	2 credit
MAEJIMA, Masaaki	

1. Course Description

The curriculum is an educational program that is the basis for carrying out the instructional activity of the school. Students will understand the basic theory about the formation and the enforcement of the curriculum in the school through discussions, group work and announcements. In addition, students will learn that a curriculum changes with social conditions and the education policy of the country, and we will think about something with the curriculum that is desirable for a school and a student.
