

Practice in Geographical Research 1C- II

Syllabus Number

GGR-216

Compulsory Elective
2 credit

TSUTSUI, Yu

1. Course Description

Students will learn some very important research methods for writing geographical theses in this class. I will explain how to read topographical maps, analyze statistical data, create graphs, draw maps, design fieldwork plans, conduct interviews, and make inquiries. After that, students practice these skills to develop their ability as a researcher.
