

Basic Chinese I

Syllabus Number

CHI-101

Compulsory 1
credit

YAN, Shuzhen

1. Course Description

This course will intensify pronunciation training and allow students to master elementary grammar. Focusing on exercises to practice listening, speaking, reading and writing, it will build up the foundations for the study of Chinese. At the same time, it will introduce Chinese way of thinking and national features that appear in particular Chinese phrases, as well as old culture and customs.
