ECO-201

Compulsory Elective
2 credit

EMOTO, Nobuya

1. Course Description

This course continues through spring semester (as International Economics I) to autumn semester (as International Economics II). This course aims to give students the latest understanding on international economy from a viewpoint of globalization along the textbook of "世界経済 大いなる収斂——ITがもたらす新次元のグローバリゼーション"(the Japanese edition of "The Great Convergence" by Richard Baldwin).
