

超域教育論特講Ⅰ

Elective 2 credit

EHARA, Hiromi

1. Course Description

The purpose of this course is to develop each student's research and presentation ability based on area study and comparative education approach. This class is open to students with disciplines such as education, history, politics, literature, culture, international relations, and so on. Students choose themes interesting to them, research, analyze with hypothesis, and make presentations on their research. Getting different perspectives from other students and the professor, students will be able to progress in their research for thesis.
