

投映法特論 II

Elective 2 credit
TAKANASHI, Rieko

1. Course Description

Students will learn skills in conducting Rorschach test using a comprehensive system developed by John E. Exner, Jr. It also deals with the interpretation and report writing of the results of this test.

Learning Rorschach test takes a long training time. The mastery of this test proceeds in one with the growth of the learner as a clinical psychologist. In this course, students aim to steadily take the first step of such learning.
