

Monetary Economics IV (Money and FinanceIV)

Syllabus Number

MOF-204

Elective

2 credit

1. Course Description

This course covers the basic theory needed to improve your financial literacy. Lectures will be in English. For the course, financial literacy will be defined as acquiring an accurate understanding of finance and proper usage of that knowledge to achieve a more financially secure and prosperous life. The main issues to be covered include life planning, risks and returns, risk control of your liabilities, and investment theory, all of which are based on personal finance management theory.
