

Study of Educational Administration

Syllabus Number

EDU-201

Elective

2 credit

KONYUBA, Hideyuki

1. Course Description

The purpose of this class is to deepen the understanding of educational administration by focusing on the choices and conflicts that arise in educational policy and administration. One unit is divided into two parts. the first part is a general lecture on the basics that must be known in order to consider the axis of conflict. In the second half, we will take up specific cases of conflicts and deepen our understanding of the cases through discussions.
