

英語学 IV

Syllabus Number

ENL-304

Elective

2 credit

IMASEKI, Masao

1. Course Description

In this course, each student should examine the English language from a scientific viewpoint and analyze the language from a linguistic perspective. We will deal with English usage, grammar, pronunciation and etymology in this course. Learning English usage and grammar will help students to boost their confidence while speaking and writing. Good pronunciation will give them successful communication in speaking and listening. And etymology will give them tools to investigate words.
