

Introduction to Macroeconomics II

Syllabus Number

ECT-104

Elective

2 credit

IWASAKI, Jun

1. Course Description

This lecture aims at learning ideas and views focused on challenges Japan currently faces, built upon the previous course "Introduction to Macroeconomics I". At the end of the course, students are expected to be able to conduct practical discussions on the Japanese economy. Specifically such challenges as fiscal deficit, deflation, unemployment and inequality would be dealt with from the viewpoint of macro-economics by utilizing its theoretical framework and insights.
