## Seminar I

## Syllabus Number SEM-301 Compulsory 2 credit

## IN, Yoho

## 1. Course Description

What are the principal reasons for the highly successful Chinese economic reform that began in 1978? One may say that they are the strong Chinese economic fundamentals-surplus labor, abundant savings, huge domestic market, etc. But the strong fundamentals have always been there, at least since the 1950s. Why did the Chinese economy not take off earlier?
