

Logic 2

Syllabus Number

PHE-106

[II]

Elective

2

credit

UTA, Hiroshi

1. Course Description

The second part of the text deals with symbolic logic. Using symbols might make things difficult for the students to understand as those symbols are not commonly used in everyday life. However, using signs will enable them to have a clearer understating of formal aspects of deduction, regardless of the particular content of propositions. Hopefully students will enjoy the study of Logics by mastering various rules for logical reasoning.
