

児童サービス論

Syllabus Number LIH-206

Librarians' Program

Elective 2 credit

IIZAWA, Fumio

1. Course Description

The goal of the children's service is to convey the joy of reading and libraries to children from infants to early junior high school age. In this course, you will learn how to select books according to a child's developmental level, storytelling, and how to plan events which make children become familiar to the library, and the role of a children's librarian.
