credit

YAN, Shuzhen

1. Course Description

The students participating in this course will choose one domain of interest among many possible, e.g. Chinese history, culture, society, economy, philosophy, literature, etc., decide one precise topic, research books and documents and write a paper about it. Every student will have to present his/her paper orally, answer to some questions, then it will be discussed in class, and some advice to improve it may be given.
