1. Course Description

In this class, we will select research themes in fields related to Korean society, culture, languages, etc. It aims for all participants to improve their skills to summarize the contents based on references and materials, and to make individual presentations about the contents. The participants should be required to write more compelling essays by not only summarizing the content but also showing their views. All participants are required to make a presentation at least once and have a discussion after each presentation (including Q&A).
