

# Seminar : Art History and Cultural Heritages 2A- I

Syllabus Number

SEM-349

Compulsory Elective  
2 credit

FUJISAWA, Akira

## 1. Course Description

This class is aimed to be able to utilize and refer to previous studies and books by interpretation of them depending on each research theme. First of all, you will acquire the ability to understand the structure of the articles and the basic rules of figures and tables, and to understand the contents accurately. Next, you will select the theme from the fields of scientific research of cultural properties, preservation and utilization of cultural heritage, conservation of archaeological objects, control of museums and storage environment, preservation of archaeological and historic sites, and make presentations about your plan for graduation thesis. Audiences will write comments and discuss your presentation. Through the above, you will clarify the problems of previous researches and embody your theme of the thesis.
