

Special Topics in Moral Education

Syllabus Number

ESS-410

Elective

2 credit

1. Course Description

- Students will make their own teaching materials, learn how to use teaching materials and practical teaching methods in elementary school. Through them, students acquire comprehensive knowledges and skills as teacher.
- Through mock classes, students deepen their thinking about the future of moral education.
- Improve your qualities and abilities as teacher by thinking about the ideal way of moral education.
