

Seminar I

Syllabus Number

SEM-301

Compulsory 2
credit

YAMAYA, Kazuki

1. Course Description

This seminar will mainly focus on accounting, considering global business and information technology. Students with an interest in accounting or international business or information technology are welcome to participate. This seminar aims to improve your survey and research skills, presentation skills, and Japanese language proficiency. In Seminar I, you will make presentations in groups. Through the presentations, you can improve your Excel and PowerPoint techniques and presentation skills.
