

総合経済Ⅱ

Syllabus Number

ECP-402

Compulsory Elective

2 credit

INOUCHI, Masatoshi

1. Course Description

This class aims to comprehensively clarify the trends and current issues of the Japanese and global economies, using major economic theories and important economic data, as well as to examine how each economic entity in Japan needs to respond.

In the fall semester, we will focus mainly on the applied fields of microeconomics, organizing the current situation and issues in each field, such as firms and households, and then discussing future prospects and desirable directions for action.
