

## 心理学総合演習Ⅰ

KONDO, Kiyomi      Elective      2 credit

### 1. Course Description

It is important to connect the knowledge about clinical psychology with every-days psychological practice. In this seminar, we review the knowledge of five area in which the certified psychologists work. After that, we will learn how to use it through examining practice cases in the five area. We also learn how to corroborate with professionals other than psychologists in each area and special contributions from the view point of psychologists.
