NOMOTO, Takashi

1. Course Description

With China's growing power and influence in the world, there has been much talk of a political threat to China, but at the same time it has become increasingly difficult to create the image of China that was once shared.

In this lecture, we will learn about the calm image of China that needs to be shared from the perspectives of history, culture and politics through works that respond to the global trend of questioning "what is China" from within China.
