1. Course Description

This course aims to reflect the effects of their own teaching practice which they did before a few months. In class, students will be required to teach their own themes again in the classroom of the University and to discuss the various aspects in connection with their teaching practice and school activity. In addition, students are also expected to make a brief paper related with the student's teaching practices. Grades will be based on regular attendance, completion of the assignments and periodical examination.
