

Introduction to Regional Geography I

Syllabus Number

HUG-201

Compulsory Elective
2 credit

NOGUCHI, Takeshi

1. Course Description

This course aims to grasp the various aspects of some regions in the Japanese Archipelagos. In class, students will be required to present the characteristics of one area like South West islands and so on, making their own hand-outs and images with Power Point. Additionally students are also expected to make a brief paper in connection with the presentation. Grades will be based on regular attendance, completion of the assignments and periodic examination.
