

# Media Studies II

Syllabus Number

SOC-316

Elective

2 credit

TADOKORO, Yoshiaki

## 1. Course Description

In this class, we will cultivate a perspective that goes beyond the field of direct media acceptance and captures a wider range of phenomena from the perspective of media sociology. Aiming at the intersection of media and various social events, we will cultivate a perspective of cross-social analysis from the perspective of media sociology, using popular culture formation, leisure, community development and tourism, etc. as materials.
