## 1. Course Description

Understanding the french sociology needs some knowledge on the french society, where they eat foods very different from ours, and they enjoy music stars with few young idles today, and they eat every day some cheese with french baguette. Now we reserch these french modern cultures, for exemple their bandes dessines (comics) and their social problemes like the assimilation of young generation of immigrants. At the same time we reserch the japanese contemporary cultural phenomenon in way of Otaku and Yaoi. What do the world cup games in Qatar mean in this difficult context of international pandemic?
