1. Course Description

Politics has a strong influence on our lives.

It is important for us to be involved in politics as for ourselves.

As a reporter, I covered Japanese politics for 27 years, and then served as a special advisor to the prime minister for a year.

I would like to teach you my experience according to the content of the class.

Let's learn the basics of political science based on the current state of Japanese politics.

Class contents and order may change.
