

# 社会心理学概論(社会・集团・家族心理学)

Syllabus Number

SOP-101

Compulsory 2  
credit

OE, Tomoko

## 1. Course Description

The goal of this course is to understand the basic theories and scientific methods in the field of social psychology. Topics include interpersonal attraction, aggression, cooperation, obedience, social power, prejudice, and intergroup relations. At the end of the course, we may understand a new dimension of ourselves, others, and our social world.
