Seminar : Sociology II

Syllabus Number SEM-302

Compulsory 2 credit

IKE, Shuichirou

1. Course Description

For third-year university students, after decided their subjects, they develop their understanding of it. For college seniors, they must develop and write graduate studies. They must report their progress and discuss about it to master how to write academic documents. In Addition, we learn how to project future populations, namely to calculate local future populations. These techniques and knowledge are very beneficial in the case of interview for a job.
