IT Management in Currnet Society 2

IKE, Shuichirou

1. Course Description

I explain the history of the Internet from birth of it to the present. As the unexpected result of the U.S. and U.S.S.R(Russia) Cold War, the technology of the Internet was developed from a military technology to the civil technologies. And I want to deepen understanding to networked society. I put an important point for the use of the network in the society and for the security and I lecture about the modern cypher.
