

観光計画論特講 II

Elective 2 credit
OSHIMO, Shigeru

1. Course Description

During the autumn term, students try to apply an improvement approach for a specific event based on the theory and the method they learned in the spring term. There are for theme: 1) history and culture, 2) nature environment, 3) local train, and 4) city and central business district. The students learn the thoughts and skills to plan tourist destinations throughout lectures and discussions.
