

Seminar : Education II

Syllabus Number

SEM-302

Compulsory 2
credit

HIRANUMA, Akiko

1. Course Description

Continuing from Seminar: Education I, the learning focus will be on education and childcare from the field of lifespan developmental psychology, and students would work up their group research. First, in the purpose of exploring the selected theme, students would be required to visit and observe the real site, interviewing the relevant parties, and collecting related materials and literature. Subsequently, after collecting and analyzing materials and data, students would do the presentation and hold a discussion for their research result, so that they could learn from each other and deepen their understanding for each other's research topics.
